Total Comm. € 189.633

Planned End 13-03-2024

Total Exp. € 189.633

Year Comm. 2020

Group Name

### Covid-19

This is an interesting JPO post considering the role of health systems in general in response to the COVID-19 crisis. This item is in line with the policy priorities on health in Belgian development cooperation, including the additional funding of the programme for strengthening health systems in fragile states in view of the COVID-19 response. The alternation between a period at the organization's headquarters and a period in a country office is also interesting.

### Algemene beschrijving

The Junior Professional Officers (JPO) Programme, also known as the Associate Experts Programme, is a multilateral technical cooperation initiative sponsored by the Directorate General for Development Cooperation and Humanitarian Aid of Belgium. The Programme originates from a United Nations Economic and Social Council resolution adopted in 1961 which approved and encouraged the collaboration of volunteers, financed by their respective countries of origin, in implementing development cooperation initiatives and programmes.

Belgium joined the Programme in 1963, and over the years has developed it into a Programme, extending its sponsorship to the Multilateral partner organizations with which the Belgian Government stipulated in specific agreements

## Doelgroep (optioneel)

It enables young professionals in the possession of a university degree with 2 years of relevant experience and not over the age of 32 years to gain in-field training and experience with the multilateral partnerorganizations of Belgium for a period of maximum three years.

## Globale doelstelling (optioneel)

The Junior Professional Officers (JPO) Programme, also known as the Associate Experts Programme, is a multilateral technical cooperation initiative sponsored by the Directorate General for Development Cooperation and Humanitarian Aid of Belgium. The Programme originates from a United Nations Economic and Social Council resolution adopted in 1961 which approved and encouraged the collaboration of volunteers, financed by their respective countries of origin, in implementing development cooperation initiatives and programmes.

## Specifieke doelstelling - outcome level

The Junior Professional Officer (JPO) will be part of the Health systems Governance and Financing (HGS) unit and will take part in its activities. During his/her assignment, the JPO will contribute to the major endeavour of the unit which is the running and management of the Universal Health Coverage Partnership (UHC-P), that covers 115 countries in 6 WHO regions. This Partnership will be pivotal for the JPO in terms of capacity building and practice related (1) to policy elaboration and implementation; (2) to actionable governance related work; and (3) to support planning and coordination of all involved actors at country level. The JPO will be posted in year 2 and 3 in a country office, selected if possible, in the group of countries that are supported by the UHC-P. The selection of the country will be made in full agreement with the relevant Regional Office.

## Verwachte resultaten - output level (opt.)

At the end of the assignment, the JPO will have contributed to the normative work related to health system strengthening in the frame of UHC, contributed to the demonstration of activities and results achieved, especially in the UHC-P supported countries, and will have gain understanding and practical knowledge of the major factors shaping the international health agenda at global and country level.
