

Supporting the Belgian economic presence abroad is one of our main tasks.

Hence, at the request of our respective authorities, we would like to initiate the collection of data on the foreign activities of Belgian companies. This will allow us to assist in the best possible way the promotion of Belgian economic interests abroad. The information will also help Belgian companies to optimize their networking.

The regional economic & trade attachés and myself would be grateful for cooperation from the part of Belgian entrepreneurs with activities in Estonia for filling out the enclosed questionnaire. We would also ask them to sign the document, thereby authorising us to incorporate the data in a website/database.

At the same time we would like to inform you that it is our intention to create a Belgian business club in Estonia which will be open to all who have in one way or another a business link with Belgium. More information on this subject will be posted on our website shortly.

Thanking you in advance for your kind cooperation, we remain at your disposal for any further information or assistance you would require.

Yours sincerely,

Nicolaas BUYCK

André VILLERS
